Share Certificate Specials							
6 month	1.90%	1.92%	\$50,000	\$50,000	N/A	Monthly	Monthly
1 year	2.20%	2.22%				Quarterly	Quarterly

Explanation of Rates & Service Charges

As explained in the MSA, Our Rates & Service Charges disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts you have with us are identified above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. Super Share Investment accounts are Tiered Rate Accounts. The Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. The Dividend Rates and Annual Percentage Yields set forth above are the rates and yields for the last dividend period. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

a. Nature of Dividends.

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

b. Compounding and Crediting.

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

c. Accrual of Dividends.

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

2. Balance Information

The minimum balance required to open each account, earn the stated Annual Percentage Yield, and avoid a service charge is identified above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts except Christmas Savings and Certificate accounts, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. For Christmas Savings and Certificate accounts, dividends are calculated by using the Daily Balance method, which applies a daily periodic rate to the balance in the account each day. The par value of a share is \$25.00.

3. Account Limitations

For Super Share Investment accounts, the minimum deposit or withdrawal is \$100. No electronic, telephonic, or other preauthorized or automatic transactions are permitted on a Super Share Investment or Christmas Savings account. For all accounts except checking accounts, no more than six preauthorized, automatic, or telephone transfers may be made from these accounts to another account you have with us or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed. For a Christmas Club account, the entire balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. If any withdrawal is made from this account before the end of the club term, then the account will be closed and a \$15 penalty will be assessed.

4. Certificate Account Features

a. Account Limitations.

After your account is opened, you may not make additional deposits to a Certificate account.

b. Maturity.

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

i. Amount of Penalty. For certificates with a term of two years or less, the amount of the early withdrawal penalty is the dividends that would be earned for one half of the term of the certificate on the amount withdrawn. For certificates with a term of more than two years, the amount of the penalty is the 12 months' dividends on the amount withdrawn.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been or would be earned at the nominal interest rate on the account. It applies whether or not the interest has been earned. In other words, if the account has not yet earned enough interest or if the interest has already been paid, the penalty will be deducted from the principal.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy.

If the certificate account is automatically renewable, it will renew for the same term upon maturity. A notice will be sent to you at the address on record one month prior to maturity. The notice will remind you that the share certificate will be maturing and will be automatically renewed. You will have a grace period of ten days after maturity in which to withdraw funds from the certificate without being charged an early withdrawal penalty. Should you decide to withdraw from or redeem the certificate during the grace period, no dividends will be earned after the date of maturity.

i. Non-Automatically Renewable Account. If the certificate is not automatically renewable at maturity, and unless otherwise instructed, we will transfer the entire amount of the certificate to the regular share savings account (or IRA share savings account, as applicable) at maturity. A notice will be sent to you at the address on record one month prior to maturity. The notice will remind you that the share certificate will be maturing and will request instructions from you on handling the funds upon maturity.

e. Nontransferable/Nonnegotiable.

The account(s) you have with us is/are nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with us.
